13 - 16 Seconds per 90°

## Operating Temp

-20°F up to 160°F

## Removable Power Box

For Remote 24VDC Power Supply

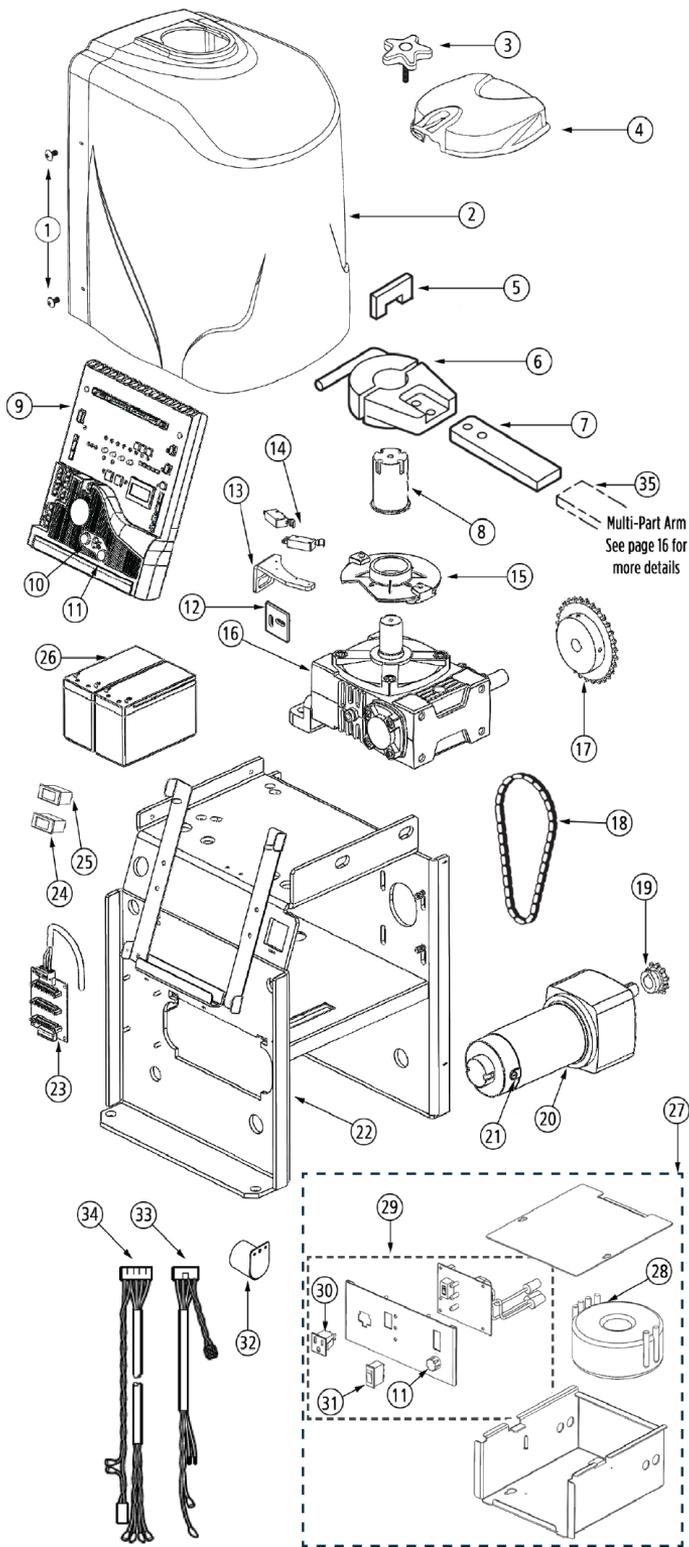

## Weight

200 lbs (without arm\*)

\*ARM IS 15 LBS

## RESIDENTIAL AND COMMERCIAL //

The T-21™ Swing Gate Operator has a 1/4" steel chassis with multi-layer corrosion protection. This ensures reliable, long-lasting operation in the harshest of environments at your home or place of business. Built-in heater with thermostat control, 120/240 AC operation, Viking's true battery backup and smooth start / stop operation are all standard features in this operator. This powerful swing gate operator has a gate capacity of up to 2000 lbs/ 12 ' or 1200 lbs/ 20. The removable power supply box includes LED indicators for your convenience and communicates to the V-Flex™ LCD screen, displaying the status of the AC power supply. All Viking operators come with the most robust lightning strike protection built into every machine, offering peace of mind.

Item	Description	Part No.
1	Operator Cover Bolt (4)	VASWCB
2	Operator Cover	VNXT21CV
3	Output Shaft Knob	DWOUK10
4	Output Shaft Cover	VNXSWOSC
5	Clutch Key	VAWRCK20
6	Clutch and Handle	DWCL20
7	Output Arm	DWAR20
8	Output Shaft	T21OP20
9	Control Board	VFLEXPCBU18
10	Fuse - 15 amp	VNXF15A
11	Fuse - 4 amp	VNXF4A
12	Limit Switch Bracket	T21LH
13	Limit Switch Holder	DWLH10
14	Limit Switch (2)	DULS10
15	Limit Cam & Holder	DWLC10B
16	Worm Gear #80 30:1	T21GB80K
17	Sprocket (Gearbox)	T21SP2034
18	Chain #50x36 Pitches	T21CH50
19	Sprocket (Motor)	T21SP1534
20	24V DC Gearhead Motor	VAT21MO
21	Brush Kit	VAMOBK
22	Chassis	VNXF1CH
23	Loop Rack	VA-LR
24	Battery Switch	DUMRS10
25	Motor Switch	DUMRS10
26	Battery	DUBA12
27	Modular Power Box Assembly	VNXMPB
28	Toroid Transformer - 15 amp	DUTT15
29	Power Box Panel Assembly	VNXUPBPA
30	120V Receptacle	VA120PL
31	Main Power Switch	DUMRS10
32	Alarm	DUAL10
33	Power Harness	VNXSWPH
34	Limit Switch Harness	VNXT21LSH
35	Multi-Part Arm Assembly (Standard)	VA-F1ARM20
Option	Swivel Arm Assembly (for inclines up to 10°)	VAF1SWL20
